The Innovation Circuit is fiscally sponsored by Hack Club, a 501(c)(3) nonprofit. Our registered EIN is 81-2908499. Questions? Get in touch at bank@hackclub.com.

See how FIRST teams are using Hack Club Bank:

Killabytez, FTC Team #14663

Needed a platform that:

- is **teen-friendly**: gives them direct access without relying on an adult intermediary (like their parents or school)
- is **accessible**: money can be immediately spent
- has **no upfront costs**

Through Hack Club Bank they were able to receive donations and start spending through their Hack Club Bank cards.

Hack Club Bank has been essential to keeping track of our finances as well as giving us the opportunity to establish ourselves as a nonprofit.

— Brian Cisto, Killabytez Team Captain

Poseidon Robotics, FTC Team #16898

Needed a platform that:

- was a **separate entity**: allows for smooth leadership transitions
- provided **nonprofit status**: to apply for grants and sponsorship opportunities

Through Hack Club Bank:

- In March 2022, they were able to deposit a \$1,000 grant into their account
- They were able to purchase items for their team and reimburse themselves in just a few steps
- They did not have to worry about accounting; all they did was upload their receipts
